Hey, sexy.
Why don't you finish up
that V-Fuel
so we can go back to my
place and I can give you a shot of Me-Fuel?
How upfront.
I don't think
you're my type, dear.

No? And why is that?
Your body may be strong.
But your mind is weak.
My mind isn't... isn't... mind is...

Such a weak mind,
sounding like a broken record
already~
Smells so... so good...
That's right, my little addict~
You've completely forgotten about
trying to sleep with me,
now all you want is another fix.
Mmmm-More... please...

Ah, you've finally remembered your manners. I suppose good behavior should be rewarded....
Hah... I'll do anything...
Now you know your place.

Follow the directions on my card,
or follow your nose to my store.
Either way, I *know* I'll be
seeing you again soon~
